

POSITIVE PSYCHOLOGY PERMA +

This workshop examines the 5 key principles of the PERMA model of Positive Psychology, which is an exciting new area of psychological theory that focuses on strengths and resilience. This workshop specifically examines how managers can implement Positive Psychology principles personally, in their teams and across the wider organisation. The concept of resilience is defined and practical strategies for building team resilience and change readiness are outlined.

Content

- Defining Positive Psychology and its application to the workplace and personal life.
- The neuroscience of happiness.
- Character Strengths and Core values – what are you good at and what do you value?
- Resilience and learned optimism – how to build capacity to bounce back.
- How to build psychological capital and well-being at work – developing a positive team culture.
- Creating positive meaning and engagement at work.
- Change readiness strategies.
