

UNDERSTANDING LEAN THINKING

This workshop will introduce you to the core elements of 'Lean Thinking' and then explore its application within your agency. At the conclusion of this workshop you will have a series of practical actions you can directly apply when you return to work.

Content

- The history and evolution of Lean.
- Lean into action.
- The value of flow.
- Designing the system from the customer.

Outcomes

- Understand the system you work in.
- Identify factors that are preventing flow.
- Value the importance of de-cluttering.
- Uncover hidden savings by optimising resources to achieve more.

Who Should Attend

This workshop will be of greatest benefit for those who are trying to do more with less but are running out of tools.

Benefits to You and Your Organisation

This workshop should enable you to see the needless complexity within your system and how to reinvigorate the flow. Your agency/department will benefit through your ability to identify new ways of doing things.
