**WE HAVE BEEN
SUPPORTING THE
PUBLIC SECTOR SINCE
1927. NOW YOU CAN
BE PART OF IT.**

Since the formation of IPAA SA in 1927 we have existed as a source of support, knowledge and inspiration for our members, assisting them in navigating the dynamic public sector.

We hold key connections across the sector with the influencers and thought leaders, both within South Australia and through federal connections interstate.

The SA state public sector currently employs over 100,000 people across a huge variety of areas and roles and in reaching this audience IPAA SA plays a vital role.

Each year we connect with those working within the public sector through our membership association services, professional development training and range of thought leading events. Our partners are able to utilise these exciting opportunities in order to increase brand exposure and establish themselves as supporters of government across all levels.

We are a passionate community that empowers our members to proudly and effectively serve our state.
